ASSETS

The company manages a terminal at the **Dostyk station («Dostyk TransTerminal»)**. The new cargo transshipment terminal is located on area of 150 hectares in close proximity to the Dostyk-Alashankou border crossing point.

The terminal is designed for transshipment of cargo and containers from 1435 mm railway track (China) to 1520 mm railway track (Kazakhstan), cars and vice versa, as well as for handling, storage, repair, formation of block container trains crossing the Kazakh-Chinese border.

INVESTMENTS IN TERMINAL CONSTRUCTION AND INFRASTRUCTURE

Access roads built in accordance with world standards and using innovative signaling, centralization and blocking devices. These routes reduce the load on the Dostyk station and increase the speed of container handling.

PROJECT CAPACITY OF THE TERMINAL:

320 thousand TEU/year

Stage 1: 160,000 TEU
(in operation since May 2021)

6,1
billion tenge

Stage 2: 160,000 TEU
(in operation since May 2022)

9,2
billion tenge

Railway infrastructure
(in operation since May 2022)

13,1 m
8,2
billion tenge

Railway infrastructure

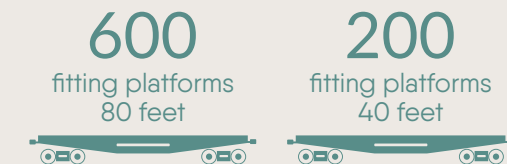

23,5
billion tenge
